AGREEMENT

My signature indicates that I am a GRU electric customer with at least one year of service in the home listed on this application, I own and live in this property and I agree with the following statements:

- Only single-family dwellings built in or prior to 1997 or mobile homes are eligible.
- I must meet U.S. Department of HUD Income Limits for low income to qualify.
- This is a **low-income** program, not a “no” income program, and claiming \$0 as total household income disqualifies me from applying.
- GRU's obligation is as the payer for home improvements listed in the GRU LEEP^{plus} Guidelines.
- **The intent of this program is NOT to make repairs for the purpose of leasing, selling or placing my home on the market.**

- If I am eligible, I can only participate in this program one time. Homes that have previously received assistance from LEEP or LEEP^{plus} are ineligible.
- I give GRU and contractors permission to work on my home and analyze my utility usage.
- I am responsible for the full cost of repairs if the final inspection is not complete due to inactions or continuous delays on my part.
- I must maintain a safe and clean working environment throughout the improvement period.
- The final decision on improvements will be determined and approved by GRU.
- Improvements may be deferred or declined if structural repairs are needed.
- After the final inspection, GRU has no further obligations. Any issues regarding the improvements must be addressed with the contractor.
- This application will be considered without regard to race, color, religion, creed, national origin, sex, political belief, sexual orientation or age.
- GRU will randomly inspect 10% of LEEP^{plus} homes to ensure upgrades have been maintained and energy education is being applied. My home may be selected to participate.

I agree to:

- Authorize GRU to contact any source to verify information necessary to determine my eligibility.
- Authorize GRU to provide information and/or documentation obtained in connection with this application to agencies to which I have applied, may apply or be referred for assistance. I hereby release GRU and its employees from any liability for providing this information to any such entities and their employees and representatives. GRU will notify me if a referral is executed.
- Reside at this residence AND not sell, lease or place this property on the real estate market within one year of completion of repairs. If not, I am responsible for reimbursing GRU the full cost of upgrades.
- Provide GRU with any information necessary to verify my eligibility.
- Allow GRU to conduct an inspection within 30 days of repairs.
- A final inspection and to take part in an energy efficiency walk-thru.

I affirm under penalty of perjury that statements made about any person in my home, income, and all other information provided is true and correct. I understand that making false statements could mean state and federal penalties and denial of assistance.
