SECTION 1.03 FINDINGS AND DETERMINATIONS. The Authority hereby finds, ascertains, determines and declares that:

(1) As a result of the amendment to the Charter effective as July 1, 2023 accomplished pursuant to Chapter No. 2023-348, Laws of Florida (2023), a new Article VII was added to the Charter establishing the Authority as a unit of city government of the City, for the "express purpose of managing, operating, controlling, and otherwise having broad authority with respect to the utilities owned by the City..." and Section 3.06 of the previous Charter establishing the position, and setting forth the duties, of the "General Manager for Utilities," was repealed.

(2) Article VII of the Charter, generally: (i) provides that the Authority shall be free from the direction and control of the Commission; (ii) establishes the power and duties of the Authority, which include establishing and amending the rates, fees, assessments, charges, rules, regulations and policies governing the sale and use of services provided through the System, operated under the fictitious name "Gainesville Regional Utilities ("GRU")"; (iii) provides for the continued service of GRU personnel under the General Manager of the System; (iv) requires the performance of all acts necessary to ensure an orderly transition of GRU governance to the Authority; and (v) provides that notwithstanding the reorganization of the governance structure, GRU shall continue to be operated as a single enterprise and that there shall be no change to the ownership of GRU.

(3) Specifically, Section 7.03(1)(e) of the Charter provides that the Authority has the following power, in addition to the powers and duties otherwise conferred by Article VII of the Charter (emphasis added):

"To authorize the issuance of revenue bonds and other evidences of indebtedness of the City, secured by the revenues and other pledged funds and accounts of the utility system, pursuant to Florida law. Upon resolution of the Authority establishing the authorized form, terms, and purpose of such bonds, for the purpose of financing or refinancing utility system projects, and to exercise all powers in connection with the authorization of the issuance, and sale of such bonds by the City as conferred upon municipalities by part II of chapter 166, Florida Statutes, other applicable state laws, and section 103 of the Internal Revenue Code of 1986. Such bonds may be validated in accordance with chapter

75, Florida Statutes. The Authority may not authorize the issuance of general obligation bonds. Such bonds and other forms of indebtedness of the City shall be executed and attested by the officers, employees, or agents of the City, including the chief executive officer/general manager (CEO/GM) or chief financial officer of the utility system, the Authority has so designated as agents of the City. The Authority may enter into hedging agreements or options for the purpose of moderating interest rates on existing and proposed indebtedness or price fluctuations of fuel or other commodities, including agreements for the future delivery thereof, or any combinations thereof."

(4) On December 6, 2023, the Authority adopted Resolution No. 2023-1148 (the "Authority Transition Resolution") pursuant to which, in pertinent part, the Authority (i) requested the Commission to adopt a resolution to effectuate an orderly transition of the governance, operation, management, and control of all utility systems, properties and assets related to the System and (ii) determined that such resolution of the Commission is "necessary...to effectuate an orderly transition of the governance, operation, management and control of all utility systems, properties and assets related to the Authority [and] is not in any way the Commission directing or controlling the Authority."

(5) On December 22, 2023, the Commission adopted Resolution No. 2023-1186 (the "City Transition Resolution") pursuant to which, in pertinent part, (i) the City recognized that the Authority had requested the Commission to adopt the City Transition Resolution to "effectuate an orderly transition of the governance, operation, management, and control of all utility systems, properties and assets related to the System;" (ii) the City acknowledged that the Commission adopted the City Transition Resolution "in reliance [on] the Authority finding and determining that [the City Transition Resolution] is necessary in order to effectuate an orderly transition of the governance, operation, management and control of all utility systems, properties and assets related to the Authority and is not in any way the Commission directing or controlling the Authority," and (iii) delegated authority to the Authority to "take all actions on behalf of the City under the [Master Bond Resolution and the Subordinated Bond Resolution]" and to "supplement and amend the [Master Bond Resolution and the Subordinated Bond Resolution] and any supplements thereto and other related agreements...in order to effectuate the provisions of Section 716 of the Master Bond Resolution" (as such Section 716 is more fully described below).

(6) Section 716 of the Master Bond Resolution allows for the lawful reorganization of the governmental structure of the City and the transfer of a public function of the City to another public body, so long as the reorganization provides that the System shall be continued as a single enterprise and further permits amendments to the Master Bond Resolution necessary to implement such reorganization.

(7) In furtherance of the Charter and Section 716 of the Master Bond Resolution, the Authority hereby assumes all obligations and duties of the City under the Master Bond Resolution and the Subordinated Bond Resolution, as each has been or may hereafter be amended and supplemented, and all obligations and duties of the City in connection with all agreements of the City with any Credit Enhancers in connection with Credit Enhancement, agreements of the City with Qualified Hedging Contract Providers in connection with Qualified

Hedge Contracts and all other ancillary agreements of the City entered into in connection with any Bonds and Subordinated Indebtedness.

(8) Sections 706 and 710 of the Master Bond Resolution set forth certain requirements of the City relating to the establishment and collection of rates, fees and charges for the use or the sale of the output, capacity or service of the System. In furtherance of the assumption by the Authority of all obligations and duties of the City under the Master Bond Resolution and the Subordinated Bond Resolution, and in furtherance of the rights, powers and duties of the Authority under the Charter and the provisions of Section 1.04(7) of the Charter relating to such rates, fees and charges, and subject in all instances to the requirements of the Master Bond Resolution, as supplemented, and the Subordinated Bond Resolution, as supplemented, the Authority hereby determines that it will, from time to time, and without further action by the City, establish those rates, fees and charges for the use or the sale of the output, capacity or service of the System as the Authority determines necessary and appropriate, including as necessary to comply with the applicable covenants of the City under the Master Bond Resolution, as supplemented, and the Subordinated Bond Resolution, as supplemented.

(9) The Authority, on behalf of the City, may authorize the issuance by the City of Bonds of the City from time to time under the Master Bond Resolution, as supplemented, for the purpose, among others, of financing and refinancing Bonds, including refunding any Outstanding Bonds, and may enter into related agreements, including, without limitation, limitation agreements with any Credit Enhancers in connection with Credit Enhancement, agreements with Qualified Hedging Contract Providers in connection with Qualified Hedge Contracts and all other ancillary agreements entered into in connection with any Bonds and Subordinated Indebtedness.

(10) Pursuant to the Charter and the Master Bond Resolution, including the hereinafter defined Amendments, the Bonds and other forms of indebtedness of the City authorized by the Authority must be executed and attested by the officers, employees, or agents of the City, including the General Manager or Chief Financial Officer of the System, as the Authority has so designated as agents of the City.

(11) The City heretofore has issued certain Bonds, including the Refunded Bonds, for the purpose of financing and refinancing a portion of the Cost of Acquisition and Construction of the System.

(12) As noted above, Section 716 of the Master Bond Resolution permits amendments thereto, without consent of the Holders of the Bonds or the Trustee, as necessary to implement the reorganization of the governance of System required by the Charter, provided that such amendment will not adversely affect the rights of the Holder of the Bonds. The Authority hereby determines, on behalf of the City, that certain amendments to the Master Bond Resolution, as set forth in Section 5.01 of this Resolution (collectively, the "Amendments"), are required to be made in order to implement the provisions of the Charter establishing the Authority, creating the position of chief executive officer/ general manager, and repealing the Charter provisions relating to the position of the General Manager for Utilities and such person's duties under the Charter. The Amendments shall be effective upon adoption of this Resolution and any consents required by the holders of Bonds or pursuant to other agreements made in

connection with the issuance of any such Bonds. Notwithstanding the effectiveness of the Amendments, such Amendments shall operate prospectively only, and all prior actions taken by the Commission for approval of the Bonds previously issued under the Master Bond Resolution, as supplemented, and for the execution thereof, shall not be impaired by the Amendments. The Amendments are hereby determined by the Authority, on behalf of the City, to not adversely affect the rights of the Holders of the Bonds heretofore issued under the Master Bond Resolution, as supplemented.

(13) It is in the best interest of the System to issue and sell the 2024 Series A Bonds as Bonds and Refunding Bonds within the meaning of the Master Bond Resolution for the purpose of refunding the Refunded Bonds in order to achieve debt service savings and paying costs of issuance related thereto, including the premiums on Credit Enhancement, if any.

(14) The complexity of the structuring of the 2024 Series A Bonds, the current conditions in the market for obligations such as the 2024 Series A Bonds and the advantages of a more flexible financial plan make it necessary and in the best interests of the System that the 2024 Series A Bonds be sold on a negotiated basis to underwriter(s) to be selected by the Authority in a subsequent Supplemental Resolution.

(15) The Authority desires to delegate the award and sale of the 2024 Series A Bonds and certain other matters hereunder to the General Manager, the Chief Financial Officer or such other Authorized Officer within the parameters set forth in this Resolution and a subsequent Supplemental Resolution.

(16) In connection with the Refunded Bonds to be refunded, the City previously entered into a Master Agreement and related documents with Bank of America, N.A. (the "Counterparty"), dated as of April 7, 2020, as amended and supplemented, and thereafter entered into a trade confirmation dated April 8, 2020 in an original notional amount of \$34,025,000 (the transaction is referred to herein as the "Swap") pursuant to which the Counterparty will pay on the effective date (currently October 1, 2024) a variable rate of interest and the Counterparty will receive payments secured under the Master Bond Resolution of a fixed rate of interest.

(17) The Authority has determined that it may be advantageous to either issue the 2024 Series A Bonds as (i) Variable Rate Bonds the interest on which will be hedged by the Swap, or (ii) fixed rate Bonds and on or about the issuance thereof to terminate the Swap and apply the cash settlement amount received from Counterparty to the refunding of the Refunded Bonds and thereby reduce the principal amount of the 2024 Series A Bonds that will be issued, subject to parameters to be set forth in a subsequent Supplemental Resolution.

(18) Additionally, the Authority hereby determines, on behalf of the City, that certain amendments to the Subordinated Bond Resolution, as set forth in Section 5.02 of this Resolution (collectively, the "Subordinated Bond Amendments"), are required to be made in order to implement the provisions of the Charter establishing the Authority, creating the position of chief executive officer/ general manager, and repealing the Charter provisions relating to the position of the General Manager for Utilities and such person's duties under the Charter. The Subordinated Bond Amendments shall be effective upon adoption of this Resolution and any

consents required by the holders of Subordinated Bonds or pursuant to other agreements made in connection with the issuance of any such Subordinated Bonds. Notwithstanding the effectiveness of the Subordinated Bond Amendments, such Subordinated Bond Amendments shall operate prospectively only, and all prior actions taken by the Commission for approval of the Subordinated Bonds previously issued under the Subordinated Bond Resolution, as supplemented, and for the execution thereof, shall not be impaired by the Subordinated Bond Amendments. The Subordinated Bond Amendments are hereby determined by the Authority, on behalf of the City, to not adversely affect the rights of the Holders of the Subordinated Bonds heretofore issued under the Subordinated Bond Resolution, as supplemented.
